

CHAPTER 17

CITY ENGINEER

Section 1. The City Council shall annually select an individual or an engineering firm to be designated "City Engineer" for the purpose of providing contractual civil engineering services to all departments requiring such services

Section 2. No department of the City (with the exception of the school department) shall utilize the services of a civil engineer, except the designated City Engineer, without the approval of the City Council

Adopted April 20, 1992
